

You can make a difference
Thank You

You are vital in helping St. John Hospice provide quality, compassionate care to all those in need. With the changes in health care, your gift is needed now more than ever.

Thank you for considering a gift.

If you have any questions regarding your support of St. John Hospice, please contact:

Caring Through Giving

© St. John Health #74622

For more than eight years, St. John Hospice has helped many terminally ill patients and their families throughout their life-ending journey – regardless of their age, diagnosis or ability to pay. Last year, St. John Hospice provided comfort and peace to more than 1,900 patients and families.

Your support is needed now, more than ever, to help patients maintain a sense of worth and dignity and to live life as fully as possible during their final stages.

\$100 will buy medical supplies for 10 patients with no insurance.

\$250 will enable Hospice to continue providing caregiver support groups free of charge.

\$500 will help fund bereavement services, which are not covered by insurances, to caregivers and families for up to 13 months after a loved one's death.

\$1,000 will provide education for 15 nurses to enhance their pediatric and hospice knowledge to better serve our patients.

\$2,500 will provide financial assistance for equipment and medication for more than 10 patients.

\$5,000 will help support our Pediatric Hospice and Palliative Care Program for three months.
