

## *Timing*

Construction began this summer with the creation of a "ring road" that will encircle the campus and provide ease of access to all facilities. Construction of the new hospital will begin in the fall of 2005 with a targeted completion of mid-2008.

## *The Campus*

The campus will preserve existing green space, wetlands, foliage and wildlife habitat. You'll be able to roam through gardens, or you can walk or run the fitness path that will encircle the campus.

### **Other highlights include:**

- Medical Office Building - A spacious office center housing physicians from a diverse and comprehensive range of specialties
- Ambulatory Surgical Center - Utilizing the latest technology and specializing in orthopedics, podiatry and pain management.
- Adult and Community Education Services facility - A partnership with the Novi Community School District
- Fitness and Wellness Center - Offering a comprehensive array of activities for all ages

## *It's Your Hospital.*

### *Let's build it together.*

For the Providence Park campus to truly serve all who live here, we need your input and involvement. Please tell us how you would like to be involved. (I would like to be part of the email updates about the new campus.

My email address is: \_\_\_\_\_.

For more information, please also visit [www.stjohn.org/novi](http://www.stjohn.org/novi). For a referral to a St. John Health physician, please call **1-888-440-REAL**.

## *Built on the foundation of a strong community*

The vision of the newest St. John Health hospital is to create a community cornerstone that delivers the latest thinking in patient care and diagnostic treatment. We are honored to have the community support that we enjoy, and fortunate to be located in Novi. When a quality project comes together with real support from people who care about their community and a top rated medical staff, it's the start of something we like to call ... REAL MEDICINE.

### **A place to trust**

We know you want and expect the highest quality medical care for you and your family. That's why Providence Park Hospital is designed as a center for advanced thinking, treatment and practices. It will be supported by relationships with some of the healthcare industry's leading scientific and medical innovation partners.

The St. John Health concept of REAL MEDICINE is coming to your neighborhood, and that's very good news for the health of the entire community.
