

**First**  
pancreas transplant

**First**  
laparoscopic donor kidney removal

**First**  
stent implants in carotid arteries

# FIRST

*(in results)*

At St. John Hospital and Medical Center, we believe in breaking new ground – developing and using the latest medical treatments and technologies to provide the area's most advanced healthcare.

It's an attitude of innovation that makes us first for cutting-edge medicine.

Doctors and nurses at St. John perform more surgeries, more complex procedures, and more births than other area hospitals. The result? Better medical and surgical outcomes. At St. John Hospital, that's what we call REAL MEDICINE.

**First**  
level 3 neonatal intensive care unit

**First**  
lymphoma specialty clinic
