FIRST CHOICE

(for your child's health)

At St. John Hospital and Medical Center, we care for your children like they're our own. With a large staff of board-certified pediatricians and more than 55 pediatric specialists, not to mention expert nursing care and advanced technology, the St. John Children's Center is able to manage any child's health condition.

At St. John Hospital, that's what we call REAL MEDICINE.
