Celebrating
St. John North Shores
Honoring Its Team
and Its Passion

Friday, October 22, 2010

These are a few of my favorite things:

Halloween parties...Hay rides...Summer BBQ's...Christmas parties...Lime chips...Bert and Ernie...Kibbee balls for lunch... Reunion BBQ's...Garden competitions...Chicken Shack at team conferences...Birthday cakes...Saturday morning bagels...Flow-bee...Who was it that gave me that candle and music suggestion for Fran's birthday?...

To all my family at St. John North Shores,

I am so sorry I could not be with you today. I had promised to chaperone my son's field trip to Gettysburg months ago and didn't realize the timing conflict until it was too late. Please know that I am with you in spirit.

I hold my North Shores memories in the very depths of my heart, and cherish them so! We have created something very special - something that is greater than any one of us. We have emptied ourselves for one another in true love for each other and for our patients. It is in this emptying that God has filled us with His love.

And so as we move forward we appropriately recall our many shared experiences with great fondness. But we also look to the future, a future full of God's saving graces, and therein lies our hope and joy.

Peace and love to you, my North Shores family.

Dr. Ray
