

SERVICES

St. John Health System's (SJHS) Prosthetic Clinic is offered through St. John North Shores Hospital and provides many services, including:

- Referrals to prosthetic companies, if necessary
- Evaluations for prosthetics
- Residual limb assessments
- Prosthetic fittings and adjustments
- Gait analyses and mobility assessments
- Prescriptions of physical therapy, if necessary
- Written evaluations for clients' referring physicians
- Monthly follow-ups until optimal level of function is achieved

GOAL OF PROGRAM

The goal of SJHS's Prosthetic Clinic is to provide an interdisciplinary service that restores optimal function to clients with lower extremity amputations.

STAFF

The staff of SJHS's Prosthetic Clinic is a team of physiatrists, prosthetists and physical therapists. Each member of our team is extremely knowledgeable and experienced in prosthetic care and the special needs of clients who have had amputations.

ACCESSING THE PROGRAM

The SJHS Prosthetic Clinic is located at St. John North Shores Hospital, 26755 Ballard Rd., Harrison Twp., MI, 48045. The services provided through our Prosthetic Clinic are free and are scheduled on a monthly basis. For a referral or for more information, please call 810-466-5234.
